There's a worldwide movement shortage, and **KATY BOWMAN** knows where to start.

Zoom socials, online learning, working from home...the global pandemic has only made us more desk-bound, while simultaneously the world is waking up to the connection between our sedentary habits and a host of physical and mental ailments and illness. People have been told they need to move more, but where to start? Enter Katy Bowman, biomechanist and author, who teaches accessible, regenerative movement for all bodies and lifestyles, including people with chronic pain, joint replacements, pre- and post-natal women, parents, and kids. Athletes, exercisers, and office workers can benefit enormously from Katy's stepwise approach to aligning, stabilizing, and strengthening the whole body for real-life goals. Movement is for every body!

KATY BOWMAN, M.S.

Bestselling author, speaker, and a leader in the Movement movement, biomechanist Katy Bowman is changing the way we move and think about our need for movement. Her nine books, including the groundbreaking *Move Your DNA* and *Movement Matters*, have been translated into more than a dozen languages worldwide.

Bowman teaches movement globally and speaks about sedentarism and movement ecology to academic and scientific audiences. Her work has been featured in diverse media such as the Today Show, NPR Shots, BBC's The Compass, CBC Radio One, the Seattle Times, and Good Housekeeping.

One of Maria Shriver's "Architects of Change" and America Walks' "Woman of the Walking Movement," Bowman has worked with companies like Patagonia, Nike, and Google, as well as a wide range of non-profits and other communities, sharing her message of "move more, move more body parts, move more for what you need."

Her movement education company, Nutritious Movement, is based in Washington State, where she lives with her family. Learn more at nutritiousmovement.com.

The international Nutritious Movement community are eager to read books in their primary language, and to reach friends, family, health practitioners, students and patients. Bowman's near-daily outreach has fostered a large community of "super fans."

Despite the pandemic, Katy has averaged over 50 appearances a year on television, on podcasts, and other public interviews.

RETHINK YOUR POSITION

RESHAPE YOUR EXERCISE, YOGA, AND EVERYDAY MOVEMENT, ONE PART AT A TIME

Katy Bowman

We make hundreds of movement choices all day long, whether we know it or not: Sit or stand? Hip to the right or to the left? Heels or flats? So how can we make the choices that leave us feeling and moving our best? It starts with alignment--how our body is positioned throughout the day, whether working, exercising, or resting. Rethink Your Position is your guide to everyday alignment. Learn how to:

- Align your head while looking at your phone to avoid a “tech neck
- Open tight shoulders by repositioning your elbows when driving or at a computer
- Vary your carrying style at work and at home for a stronger core and happier lower back
- Switch up the way you walk for happier feet and knees
- Change your sleep-shape to wake up feeling refreshed
- Find even better form in your regular yoga, Pilates, or fitness workout

GROW WILD

THE WHOLE-CHILD, WHOLE-FAMILY NATURE-RICH GUIDE TO MOVING MORE

Katy Bowman

Our kids are moving less than any other generation in human history; indoor time and screen time have skyrocketed. As we turn more to “convenient” tech-based solutions, tasks that once required head-to-toe use of our muscles and bones can be done with a click and a swipe. While the problem feels massive, the solution is simple...and fun!

Grow Wild not only breaks down the “big ideas” behind movement as a nutrient, it also serves as a field guide on how to spot hidden movement opportunities. Learn to “stack your life” for richer experiences that don’t take more time: set up your home to promote more movement; dress for (movement) success; add snack-tivities to your meals; plan dynamic celebrations; and more!

The perfect companion to Bowman’s best seller Move Your DNA, and a 2021 INDIE Book of the Year Gold Award Winner, Grow Wild provides practical, everyday, nature-rich ideas on how to let kids move their DNA while doing things they’ll love.

DIASTASIS RECTI THE WHOLE-BODY SOLUTION TO ABDOMINAL WEAKNESS AND SEPARATION

Katy Bowman

The very first book dedicated entirely to helping heal diastasis recti (DR)—a prevalent condition of tissue damage and loss of strength in the core. While often occurring in pregnant and postpartum women, DR also affects athletes, middle-aged men, and many others.

This guide includes a whole-body corrective program with over 30 exercises to address the factors that overloaded the core in the first place. Bowman makes the science of DR accessible and enjoyable to anyone struggling with DR, as well as to the medical practitioners and physical therapists who treat them.

MOVEMENT MATTERS ESSAYS ON MOVEMENT SCIENCE, MOVEMENT ECOLOGY, AND THE NATURE OF MOVEMENT

Katy Bowman

An award-winning series of essays on how we can make ourselves, our communities, and our planet healthier just by moving our bodies more, *Movement Matters* continues Bowman's groundbreaking exploration of the mechanics of our sedentary culture and the deep potential of human movement.

Bowman's essays highlight our culturally conditioned preference for being sedentary by exploring everything from the missing "movement nutrients" in our kitchens, to forest schools, to the problems of keeping the human animal isolated from nature.

WOLF GIRL FINDING MYSELF IN THE WILD

Doniga Markegard

FIND YOUR WILD.

Wolf Girl: Finding Myself in the Wild is a young environmentalist's coming-of-age story about learning, discovery, and survival. It offers a path for teens with climate anxiety, and shows that nature holds the wisdom we need to solve our environmental crisis.

Taking readers on Doniga Markegard's journey from the wilderness immersion school where she was taught by Indigenous elders and wildlife trackers, to hitchhiking across the Pacific Northwest, to Alaska tracking wolves, *Wolf Girl* shows how these experiences have shaped and inspired Doniga to become the leader in the regenerative agricultural movement that she is today.

Adapted for young adults from Doniga Markegard's *Dawn Again*.
